---

WITH THE NEW TECNOLOGY

MODULARITY TOOL

PROCEDRE | EMERGENCY | MEDICATION | ANESTHESIA

## PEGASUS MEDICAL

Pegasus Medical is a recognized partner of leading Healthcare Organizations in 5 continents. Our clients recommend us as part of their overall financial strategy because we greatly simplify healthcare materials management with flexible and scalable solutions, provide significant cost savings, and stand behind our methodology with unmatched, expert support.

*We Won't Leave you Hanging.*

# OUR TROLLIES

Pegasus medical provide an extremely wide range of cart and trollies with a variety of related accessories. Our carts are quality, modular but affordable. By utilizing a modular structure, we enable a quick reconfiguration of a standard cart into a different unique drawer configuration with a dedicated color coding.

PROCEDURE  
EMERGENCY  
MEDICATION  
ANESTHESIA

## Hygienic

Smooth and easy-to-clean surfaces  
Modules and tops can be removed for cleaning  
Wheels developed especially for use in hospitals

## Dimensions

Compatible with ISO standard  
For modules sized 60x40cm and 30x40cm  
Different cart heights available

## Flexible

Three different drawer heights available:  
5cm, 10cm, 20cm

The drawers can be configured and modified without tools

With countless drawer-dividing possibilities, the compartments can be ideally adapted to the stored articles and the storage space can be optimized

Cart can be customized by adding various accessories

## High visibility and well-organized

All drawers can be subdivided individually and flexibly by means of dividers

Entire content can be seen when drawer is pulled out

## Easy to use

Soft-closing drawers  
High-quality wheels make the cart move easily and smoothly

## Material

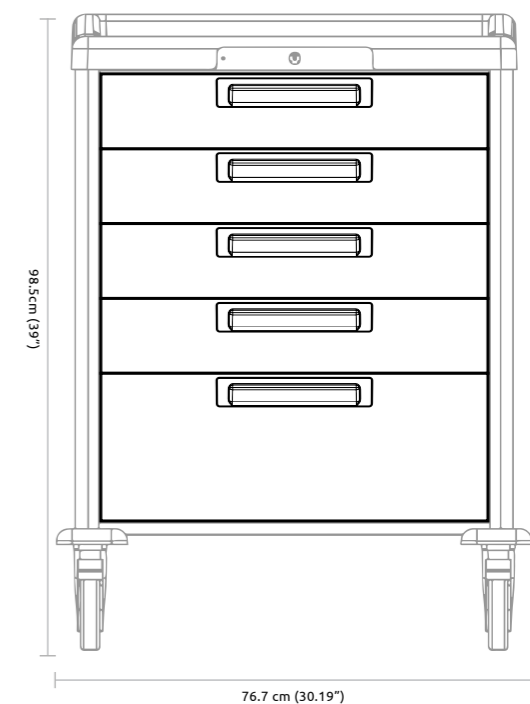

Powder-coated steel  
Top plate and wall bumpers made of ABS plastic

## Safe

Extended wheels ensure the cart's stability even when drawers are pulled out

Smooth-running wheels, front wheels equipped with brakes

All EcoLine carts are supplied with a key lock as a standard
