

HERA ALUMINUM TREATMENT AND SERVICE CART

The Hera cart is lighter than most steel carts, flexible and easily maneuverable. It is built with an aluminum structure, HPL working surface and dual push handles. The new design prevents the growth of bacteria by using a fully sealed structure, therefore it is very easy to clean

THE CART WILL MAINTAIN ITS PERFECT AESTHETIC LOOK OVER THE YEARS

- ✓ *100% Aluminum structure!*
- ✓ *Lightweight*
- ✓ *Flat packed – low carbon footprint*
- ✓ *Sealed structure – no growth of bacteria inside the profiles*
- ✓ *Fully adjustable*

The cart is available in two configurations, a single & double cart as shown below

39" (99 cm) working surface height, 3" casters, and bumpers. 4 & 5" casters are also available (Additional Cost)

Note! The ISO Modules, Dividers and Support Rails are sold separately.
